

URALLA SHIRE COUNCIL VISION 2020 STATEMENT

In 2020, Uralla Shire community should be one which;

- *enjoys a high quality of life,*
- *has thriving business centres,*
- *has educational and job opportunities available for people with a wide range of skills and aptitudes,*
- *has an innovative, adaptive and diverse economy,*
- *has access to good public services and relevant infrastructure,*
- *has a continuing improvement in it's socio economic status,*
- *treasures its natural and built heritage and continues to be progressive,*
- *ensures sustainability,*
- *provides security and safety for its residents,*
- *has a growing population and a sound demographic structure; and*
- *retains its own independent community-based local government authority.*

Council's preferred future economy for the Shire will be based on the following sectors:

| Primary | Secondary | Tertiary | Quaternary |
|--|--|--|--|
| <ul style="list-style-type: none"> • sheep - production <ul style="list-style-type: none"> - selling - research - training - studs • beef/cattle • mining • viticulture • orchards • horticulture | <ul style="list-style-type: none"> • foundries • engineering • manufacturing • construction • software engineering • viniculture | <ul style="list-style-type: none"> • tourism • retail • sport and recreation • transport • community services • residential accommodation • retirement and aged accommodation | <ul style="list-style-type: none"> • education and training • research and development • information and communication technology • distance marketing • Arts and culture |

URALLA SHIRE COUNCIL VISION 2020 STATEMENT

To achieve this preferred future, Council will seek community support for:

- The Vision.
- The continued development and implementation of an effective economic development strategy.
- The fostering of an innovative and entrepreneurial business culture by initiating, supporting and participating in business support structures within the Shire.
- The forming of strategic alliances, consortium and partnership arrangements with private corporations and public bodies.
- Tertiary and research institutions developing expertise in the sectors of the preferred future economies.

Strategies to achieve the above will be:

- Lobbying state and federal members.
- Playing an active role in economic development.
- Supporting NIRDB and NENWACC in encouraging regional growth by implementing projects which are relevant to the New England Area.
- A cooperative working relationship with;
 - Armidale and District Chamber of Commerce
 - New England North West Business Advisory Service
 - Armidale Regional Tourism and New England North West Regional Tourism Organisation.
 - Department of Transport and Regional Services
 - New England Strategic Alliance and other Neighbouring Councils
 - New England North West Area Consultative Committee (NENWACC)
 - Northern Inland Regional Development Board (NIRDB)
 - Premier's Department
 - Department of State and Regional Development (DSRD)
 - New England Area Health Serviceto promote regional development.

URALLA SHIRE COUNCIL VISION 2020 STATEMENT

- Researching and implementing capital projects which will promote and assist economic development.
- Welcoming developers and entrepreneurs, encouraging and assisting development proponents and assisting expanding industries through the necessary approval processes.
- Exploring “Friendly Town” cooperation with metropolitan and regional cities.
- Conserving and where necessary restoring the natural and built environment.
- Exploring the potential for wind/solar power generation and alternative sources of power.
- Recognising the fact that our economy is part of a globalised economy.
- Managing the effect of sustainability within council and the shire.
- Recognising and supporting the University of New England, TAFE and CSIRO in their continuing development.
- Fostering and encouraging community leaders.
- Assisting and encouraging local industries and businesses to form cooperative working relationships through clusters, business networks and soft networks.
